To the Board of Directors and
Member of Artisan Distributors LLC

In our opinion, the accompanying statements of financial condition and the related statements of operations, of changes in member's equity and of cash flows present fairly, in all material respects, the financial position of Artisan Distributors LLC, a wholly-owned subsidiary of Artisan Partners Limited Partnership, at December 31, 2002 and 2001, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Notes 3 and 5, the Company transacts business with an affiliated entity. Because of this relationship, it is possible that the terms of these transactions are not the same as those that would result from transactions among wholly-unrelated parties.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

December 31, 2002 and 2001

1. Nature of Operations

Artisan Distributors LLC (the "Company") was formed as a limited liability company in the State of Wisconsin on December 11, 1997. The Company's exclusive activity is to act as principal distributor of Artisan Funds, Inc., a registered open-end, diversified, management investment company, presently consisting of seven no-load mutual funds. The Company's sole member is Artisan Partners Limited Partnership ("Artisan Partners"), a registered investment adviser, which acts as the adviser to Artisan Funds, Inc.

The Company commenced operations on October 29, 1998 and is a registered broker-dealer under the Securities Exchange Act of 1934.

2. Summary of Significant Accounting Policies

Cash and cash equivalents

The Company defines cash and cash equivalents as all highly liquid investments subject to insignificant interest rate and market risk with maturities of 90 days or less. Cash and cash equivalents are stated at cost which approximates market.

Prepaid expenses

Prepaid expenses represent registration expenses paid to the National Association of Securities Dealers (NASD) for 2003, and funds on deposit with NASD for future registration and advertising filings. Registration expenses are calculated on a per agent basis. All agents of the Company are officers or employees of Artisan Partners.

Revenue

It is anticipated that the Company will not generate any revenues as distributor of the Artisan Funds, Inc. If any revenues are generated by the Company from any sources, such revenues will be recorded in the financial statements of the Company.

Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting period. Actual results may differ from those estimates.

3. Related Party Transactions

All direct expenses attributable to the Company, such as registration, licensing, professional fees and marketing fees are accrued and recorded in the Company's financial statements. Other expenses which are not identified as direct expenses, such as rent, utilities and administrative expenses, or which are not specifically attributable to the Company, are paid directly by Artisan Partners and recorded on the books and records of Artisan Partners.

SCHEDULE III

No differences exist between the audited financial statements of Artisan Distributors LLC and the unaudited Focus Report IIA – Form X-17a-5 as of December 31, 2002.

**Report of Independent Accountants on Internal
Control Required by SEC Rule 17a-5**

To the Board of Directors and Member of
Artisan Distributors LLC

In planning and performing our audit of the financial statements and supplemental schedules of Artisan Distributors LLC (the "Company") for the year ended December 31, 2002, we considered its internal control, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g) including the following:

1. Making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the

United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2002 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
